## STRATEGY AND DEVELOPMENT DEPARTMENT

### 1.0 NOTES

#### 1.1 Information for all Strategy and Development Department Charges

1.1.1 All fees quoted are GST inclusive.

1.1.2 Other Authority and Agencies' Charges are the fees as set by the relevant authority or agency.

Where consultants or other experts are used to carry out Strategy and Development duties, their charge-out rate will apply.

An additional administrative charge of ten percent of the fee will also be charged.

1.1.3 Staff will, upon request, endeavour to provide an estimate of costs associated with a particular request/application.

#### 1.2 Planning

##### 1.2.1 Resource Consent Fees

- (a) The amount stated is a deposit, payable at the time of lodging an application, or when making any other request for Council to perform any other function under the Resource Management Act 1991. The above deposits are charges fixed under Section 36(1) Resource Management Act and are payable in full at the time of lodging the application.
- (b) The actual and reasonable costs incurred by the Council will be charged for all applications. Therefore, a charge additional to the deposit paid, or a refund, may be made once the application has been determined. Actual and reasonable costs will also be charged for applications that are withdrawn.
- (c) Actual and reasonable costs will include costs incurred by Council in respect of staff salaries and wages (including travel time, and on-costed to cover overheads), internal analytical costs, record keeping/storage (eg photocopying), external analytical costs or consultant costs, vehicle usage costs and any other direct costs or disbursements (including postage, advertising costs, etc), plus GST. The charge out rate for Council officers is between \$60.00 to \$120.00/hour.
- (d) Additional charges or refunds will be made for sums in excess of \$20 (inclusive of GST) of the Council's costs. In all cases, an itemised statement of the Council's costs will be provided.
- (e) Council may, in any particular case, remit the whole or any part of any charge of a kind referred to in this section which would otherwise be payable, for any of the following reasons:
  - (i) The charge does not accurately reflect the benefit to the community from the activity or service, as distinct from the benefit to the applicant.
  - (ii) The charge does not accurately take into account the "cost of democracy" associated with the application or the service.
  - (iii) The charge does not accurately reflect the actual and reasonable costs incurred in respect of the activity to which the charge relates.
  - (iv) The charge for monitoring a resource consent does not accurately reflect the likely effects of that activity on the environment.

1.2.2 **Monitoring Fee**

A fixed charge based on the estimated number of inspections for a development or an annual charge will be payable to Council for the monitoring and supervision of resource consents and monitoring the state of the environment. The fee will reflect the actual cost for the Monitoring Officer and/or other specialist Council Officers or their representative to inspect the site for compliance with consent conditions.

1.3 **Building Fees**

1.3.1 The fee is non-refundable deposit payable at the time an application is lodged. Additional charges are calculated on time spent. The charge-out rate for Council officers is between \$50.00 to \$120.00/hour. All other actual and reasonable costs incurred in the processing of building consents will be recovered, including for example, specialists' advice and insurance premiums.

1.3.2 (a) The Restricted Project Information Memorandum fee applies to all projects that are either not greater than \$10,000 in value, or alternatively, not greater than 30 m<sup>2</sup> in area. Other projects that may qualify for a Restricted Project Information Memorandum are fences, retaining walls, swimming pools and most accessory buildings (garages, haybarns, etc.).

(b) The Small Project Information Memorandum fee applies to projects such as small internal alterations, heaters, plumbing and drainage work.

1.3.2.1 A bond is payable prior to a building consent being issued for the removal of a dwelling or other building from a property. It will be refunded upon application when Council is satisfied that all conditions of the building consent have been met.

1.4 **Annual Licence and Registration Fees**

1.4.1 The fees charged will be calculated at a fixed charge which includes up to two inspections. Further inspections will be charged at actual cost. The charge-out rate for Council officers is between \$50.00 to \$120.00/hour.

1.4.2 Simple Food Premises - Simple foods consist of pre-packaged food that is of low risk to public health, eg, biscuits, confectionery, frozen confections. Pre-packaged food that requires heating (eg, readily perishable food) is not classified as 'low risk food'.

1.5 **Development Contributions Fee**

A Development Contributions Policy has been included in the Policy Section of the Long-term Council Community Plan. This policy sets out the financial contributions that will be required when development occurs.

1.6 **Other Fees**

For any certificate, authority, approval, consent, or service given, or inspection made by the council under the Local Government Act or any other enactment in any case where that provision or enactment contains no provision authorising the Council to charge a fee, and does not provide that the certificate, authority, approval, consent, service, or inspection is to be given or made free of charge, the fee will be based on the charge out rate for the officer concerned, as identified above.

Notwithstanding, any such fee may be refunded, remitted, or waived in such situations as the Council may determine.

2.0 **RESOURCE MANAGEMENT**

<b>Certificates Of Compliance</b> (S139) (Initial deposit)	\$250.00
<b>Resource Consents</b> (See Note 1.2.1) (Initial deposit)

<b>Monitoring Fee</b> (see Note 1.2.2)	
Standard charge for administering, monitoring and supervising of land use resource consents for:	
- Notified resource consent	Range: \$150.00- \$500.00
- Non notified resource consent	Range: \$100.00 - \$500.00
either fixed as a single charge or as an annual charge where ongoing monitoring is required. The amount is based on the estimated number of inspections required during the course of the development.	

Notwithstanding the above, where there is good and reasonable cause for unprogrammed monitoring and additional site inspections, then the costs of that will be a charge on the consent holder. Such costs are recovered on an actual and reasonable basis, as defined in the General Conditions and Notes of this Schedule.

Actual and reasonable costs

Notwithstanding all the above, a higher monitoring charge may be applied as a condition of consent for significant applications, for the actual monitoring time undertaken as:

- a single charge;
- separate charges for each inspection;
- an annual charge

where ongoing monitoring is required.

• Other property information per half hour	\$25.00

### 3.0 ADMINISTRATION SECTION

• Requests for information (officer's time)	\$76.00/hour
---	--------------

### 4.0 ACCESS TO OFFICIAL INFORMATION

#### 4.1 Fixing the Amount of Charge

The amount of charge for requests for official information will be determined by:

- (a) the aggregate amount of staff time *exceeding one hour* spent in actioning the request. This will include search and retrieval of information, the provision of transcripts and the supervision of access.
- (b) the number of A4 sized photocopy or printed pages to be provided *exceeding 20*. Non standard sized photocopy or printed paper such as that used for reproducing maps and plans will be charged on an actual and reasonable basis.
- (c) for any other cost, the amount actually incurred in responding to the request. This will cover the provision of copies of video, audio and film tapes, the provision of documents on computer disc, the retrieval of information off-site, or other situations where a direct charge is incurred.
- (d) Where repeated requests from the same source are made in respect of a common subject over intervals of up to eight weeks, requests after the first should be aggregated for charging purposes.

- (e) The charge shall represent a reasonable fee for access given. It may include time spent:
  - (i) in searching an index to establish the location of the information;
  - (ii) in locating (physically) and extracting the information from the place where it is held;
  - (iii) in reading or reviewing the information; and
  - (iv) in supervising the access to the information.
- (f) The charge shall *not* include any allowance for:
  - (i) extra time spent locating and retrieving information when it is not where it ought to be; or
  - (ii) time spend deciding whether or not access should be allowed and in what form. Note however that the actual, physical editing of protected information is chargeable.
- (g) Where the free threshold is only exceeded by a small margin it is a matter of discretion whether any fee shall be paid and if so, how much.

#### 4.2 Staff Time

- (a) Time spent by staff searching for relevant material, abstracting and collating, copying, transcribing and supervising access where the total time involved *is in excess of one hour* shall be charged out as follows, after the first hour:
  - (i) an initial charge of \$38.00 (except for the Chief Executive, Directors, Manager Finance, District Planner and District Inspector, whose charge rate is \$50.00) for the first chargeable half hour or part thereof; and
  - (ii) then \$38.00 (except for the Chief Executive, Directors, Manager Finance, District Planner and District Inspector, whose charge rate is \$50.00) for each additional half hour or part thereof
- (b) The rate of charge applies irrespective of the seniority or grading of the staff member who deals with the request, *except* where staff with specialist expertise who are not on salary are required to process the request, in which case a higher rate not above their actual rate of pay may be charged.
- (c) Time spent by staff in deciding whether or not to approve access and in what form to provide information shall *not* be charged. While the decision to delete protected information is not chargeable, the physical editing is part of making the information available and is subject to charges.

#### 4.3 Photocopying

Photocopying or printing on standard A4 paper where the total number of pages is *in excess of 20 pages* shall be charged out as per photocopying charges set down in the fees and charges schedule.

#### 4.4 Other Costs

All other costs incurred shall be fixed at an amount which recovers up to the actual costs involved. This would include:

- (a) the provision of documents on computer discs
- (b) the retrieval of information off-site
- (c) reproducing a film, video or audio recording

- (d) arranging for the applicant to hear or view an audio or visual recording
- (e) providing a copy of any map, plan or other document larger than foolscap size

All charges are GST inclusive.

#### 4.5 Remission of Charges

The liability to pay any charge may be modified or waived at the discretion of the Chief Executive. Such decisions shall have regard to the circumstances of each request and consideration shall be given to the following:

- (a) whether payment might cause the applicant hardship
- (b) whether remission or reduction of the charge would facilitate good relations with the public or assist the Council in its work
- (c) whether remission or reduction of the charge would be in the public interest because it is likely to contribute significantly to public understanding of, or effective participation in, the operations or activities of the Council, and the disclosure of the information is not primarily in the commercial interest of the requester.

In order to determine the level of public interest the following questions could be asked:

- (i) Is the use of the information by the requester likely to make a significant contribution to the operations and activities of the Council?
- (ii) Has the Council requested submissions from the public on a particular subject and is the information necessary to enable informed comment?
- (iii) Is the use of information likely to contribute significantly to the understanding of the subject by the public at large as opposed to the individual understanding of the requester or a narrow segment of interested people?
- (iv) Is the information already in the public domain in either the same or similar form which the requester could acquire without substantial cost?
- (v) Is the public at large the primary beneficiary of the expenditure of public funds necessary to release the information or is it for the requester or a narrow segment of interested persons?
- (vi) Is the information primarily in the commercial interest of the requester rather than the public interest?

#### 4.6 Deposit

A deposit may be required where the charge is likely to exceed \$76 or where some assurance of payment is required to avoid waste of resources. A deposit may only be requested after a decision has been made to make the information available.

The applicant shall be notified of the amount of deposit required, the method of calculating the charge and the likely final amount to be paid. Work on the request may be suspended pending receipt of the deposit.

The unused portion of any deposit will be refunded to the applicant together with a statement detailing how the balance was expended.

#### 4.7 Ombudsman Investigations

Applicants will be advised at the time they are informed of charges to be paid, that in terms of section 28(1)(b) of the Official Information Act 1982, the Ombudsman may investigate and review any decision on the charge to be paid in respect of a request for access to official information.

A record will be kept of all costs incurred. Whenever a liability to pay is incurred the applicant will be notified of the method of calculating the charge and this fact noted on the record.

Any Ombudsman discharging statutory functions of investigation under the Ombudsmen Act 1975 in terms of the Local Government Official Information and Meetings Act 1987, is not subject to any charging regime.

4.8 **Cost Control**

In order to reduce the amount of staff time and resources incurred in dealing with requests the Council may ask for requests for official information to be in writing in order to narrow down the scope of the request and avoid confusion as to what is being requested.

The Council will transfer the request to another organisation if the request relates more closely to the functions of another Council or government department.
