

**Safety
notes:**

- Ventilate deep manholes before entering
- Don't work alone in deep manholes or trenches
- Wash your hands before eating
- Beware of electrical cables, gas pipes and overhead power hazards

Check for cables before you dig

Accurate drainage plans save time and money

- For property owners
- For tradespersons

Please take care to write or print legibly

Always
show

- The direction of North
- The name of the main street frontage
- The outline of all buildings
- The location of all inspection access fittings
- The boundaries of the property
- The **exact** location connection between drains and sewer
- The scale of your plan

Plan of Sewage and Stormwater Drains

Tradesperson to complete all details and draw plan.
